Lumenpath AI · Investor Update · September 2026

CONFIDENTIAL. For Lumenpath investors only.

Hi all, strong month. We crossed **$5M ARR** on the back of two enterprise expansions and our first EU logo. Inference costs keep coming down as we move traffic to the new serving stack, which is why gross margin ticked up again.

Key metrics

	Jul '26	Aug '26	Sep '26
ARR	$4.38M	$4.71M	$5.02M
Revenue (recognized)	$365K	$392K	$418K
Gross margin	61%	62%	63%
Net burn	$820K	$860K	$870K
Cash (end of month)	$16.3M	$15.5M	$14.6M

Retention. Trailing-twelve-month net revenue retention is **128%**.

Asks. Intros to heads of data at Fortune 500 insurers; one senior ML infra hire.

Lowlights. Lost a competitive POC to an incumbent on price; hiring for the platform team is two months behind plan.
